- Health synergy and regional development planning

Towards a Sustainable Health

The logo for PrimCareIT features a stylized blue graphic of three human figures in a circle, with the text "PrimCareIT" in a bold, blue, sans-serif font to its right.

PrimCareIT

Flagship Project

Counteracting brain drain and professional isolation of health professionals in remote primary health care through tele-consultation and tele-mentoring to strengthen social conditions in remote Baltic Sea Regions.

Objectives

- To assess the regional needs and strategic opportunities of tele-consultation and tele-mentoring to avoid professional isolation of health professionals in remote primary care
- To assess current barriers for large scale deployment of tele-consultations and tele-mentoring in the BSR such as technology acceptance, investment decisions, work flows, legal uncertainties
- To implement and validate transnationally developed tele-consultation solutions in remote primary care in pilot sites

Partners from seven countries

PrimCare IT Project Partners

■ *EU Member States*

■ *non-EU States*

- Finland
- Estonia
- Latvia
- Lithuania
- Germany
- Belarus
- Sweden
